FOR IMMEDIATE RELEASE
January 4, 2021

Electronics Recycling at the York County Resource Recovery Center to Resume January 8, 2021

Beginning Friday, January 8, 2021, free Residential Electronics Recycling will resume at the York County Resource Recovery Center located at 2651 Blackbridge Road in Manchester Township. The Program was suspended on December 9, 2020 due to the increase in Covid-19 cases and the need to limit traffic into the facility.

The Electronics Recycling Program is open M-F from 8:00 a.m. to 4:00 p.m. and Saturdays from 8:00 a.m. to noon. York County Residents may recycle televisions, computers and computer peripherals (printers, keyboards, mouse, monitors). For a full list of items accepted, residents should visit www.ycswa.com and click on waste disposal and then electronics.

Upon arrival, residents will be asked to provide their name and address. In accordance with the Governor's order, residents must wear a mask or face covering to enter the facility and must maintain social distancing (at least 6 ft. apart from other people). You will be asked to place electronics on a cart and workers will unload them.

The Authority facilitates responsible solid waste management through an integrated strategy that emphasizes waste reduction, education, recycling and resource recovery. The Authority is the owner of the York County Resource Recovery Center in Manchester Township; and owns and operates a Small Load Drop-off Facility, a Recyclable Materials Drop-off Center and an Education Center.
