

Hallam Borough Residents

In an effort to be more efficient for large item/bulk service, residents are now required to call in to Republic Services directly to schedule a large item pickup. When you know you're going to have a large item to put out for pickup, like a couch, table, appliance etc, please call no later than Friday by noon the week prior to pickup to let us know your address and what item you'll have out for pickup on Monday. There is no additional charge for this service, it's just part of your normal service, we're just asking you to pre-schedule large item service when you have an item to put out. Please call 800-210-9675 to schedule your large item pickup.
